

Late Work

- To earn full credit on an assignment, students must turn work in at the established time and location. Any work turned in after this time will be given a late penalty. Within 24 hours after the deadline, 10% will be deducted. After the first 24 hours, 15% will be deducted, but the assignment must be submitted within the block in which it was due.
- Late or missing assignments must be handed in within the block it is assigned. No work will be accepted after the block is over.
- It is the student's responsibility to check Campus Portal to see what assignments may be missing.
- Assignments that are due while students are absent (excused absences only) are expected to be handed in on the day they return.
- For each day a student is absent (excused absence), s/he will receive two days to make up their work. If this is not enough time for a student to make up their week (for absences exceeding a week or severe illness), the student needs to talk to the teacher(s) about a due date that will work. This re-established due date is the responsibility of the student.
